

Program Title: Cross-Society Meetup Series

Objectives

- To foster inter-society relationships.
- To highlight each society's focus, achievements, and context.
- To share current research or initiatives relevant to the broader community.
- To encourage dialogue and potential collaboration.

Duration: 60 minutes

Platform: Zoom

Language: English or rotating multilingual

Selection

- Societies are invited to make proposals for the presentation of their lines of work and a research or case.
- Each society proposes their speaker and topic 3 months before a scheduled session.
- The Board selects the proposal among those submitted.

Technical Support

- A central team handles the Zoom room and recording.
- Optional: subtitles depending on audience needs.

- Recordings stored in a shared internal library (Dropbox) or private YouTube playlist.

Outcomes and Follow-Up

- We collect feedback after each event via a 1-minute form.
- Build a digital archive of presentations and videos for member access.
- Include summaries in the Bulletin.
- Optionally track emerging collaborations or shared interests.

ISR will give certificate of participation to all registered attendees.
